Bridging the Gap provides specialist vocational support to ex Forces who face problems in their lives that make it harder to get and keep a job and who are no longer eligible for CTP resettlement support.

We can advise you on suitable jobs, working with an understanding of the issues you face with your health, your life or other difficulties that make it harder to get a job. We will help you make positive changes to your life, advise you on the local jobs market and help you access training to get the right skills. We will stay in touch when you have a job.

We exist to provide life-long, life-changing support, jobs and training opportunities to service leavers and veterans, irrespective of circumstances, rank, length of service, or reason for leaving.

Founded in 1885 and operating across the UK, we have the specialist knowledge and understanding to bridge the gap between military life and civilian employment.

We work in partnership with other organisations and employers who, like us, respect and value the unique qualities and abilities of all those who have served.

ABF The Soldiers' Charity gives a lifetime of support to soldiers and veterans from the British Army, and their immediate families, when they are in need.
